

The Benefits of Staging Your Home

BEFORE

The living room has the couch wedged in the corner with a large red rug and not much to make you smile.

AFTER

The couch is moved on an angle with new pillows, a lighter rug and two complimentary chairs. This space is more Formal, yet fun.

The Benefits of Staging Your Home

BEFORE

The master bedroom has old wallpaper, too much furniture jammed into this space and dreary bedding. HELP!

AFTER

Freshly painted with a new bed spread and new pillows, new draperies, & less furniture, lets the floors shine through. Now the space is so appealing.
